

Steps I need to take to achieve my goal:

- carry out calculations mentally, in writing and using a calculator (self-checking)
- place value      • converting pound to pence + pence to pounds
- converting numbers from digits to written.
- money notation      • digits written in full
- Basic operations
- adding      • subtracting      • very simple multiplication      • very simple division
- using whole numbers eg £1.50 + £0.25, £23.00 - £1.50, £6.00 x 5 =, £90 ÷ 2 =
- Making comparisons (money)
  - more expensive
  - less expensive
- How many pence in £1.00
- ~~2~~ (2 decimal places)
- five times table

# Record of Work

**Goal:**  
**Date agreed:** 9 November 2015

Improve my use and understanding of working with money by gaining an SPA in money level 2.

**I want to achieve this by:**  
 End March 2015

**Date achieved:**

Specific	Measurable	Achievable	Realistic	Timely

**Name:** .....
