

# Groovy Garden Party

-  Make invitations in the shape of garden flowers, birds or other creatures.
-  If it is a fancy dress party ask friends to come as something which lives or grows in a garden.
-  Food and drink can be made from garden plants (elderflower cordial, carrot sticks, potato salad). Salads can be decorated with edible flowers (nasturtium, courgette, chive, daisy, viola). Cakes can be decorated with garden berries like wild strawberries, raspberries and brambles.
-  Games can be selected from the game cards in this activity pack.
-  A tree could be planted as part of the celebrations by someone special (like Granny or Grandad).
